TEACHING

Formally Scheduled Classes for UCSF Students

<i>Academic Year:</i>	<i>Course & Title:</i>	<i>Contribution:</i>	<i>Class Size:</i>
2007-2008	IDS 107: Life Cycle Course	Small group leader 6 hours	15 students/small group

Informal Teaching

2007-present Taught residents and students during my various clinical rotations

2004- 2007 Taught residents and students during my various clinical rotations

RESEARCH PROGRAM

I am clinical geriatrics fellow who has yet to begin my research training. I have completed a clinical research fellowship during medical school. My area of interest is older adults' attitudes and decision-making. I have done research in life-expectancy, cancer screening, and depression in late life. I will be starting research on outpatient medical errors, as well as a project on adverse events in colon cancer screening in the upcoming two years.

CLINICAL RESEARCH PROGRAM

I am in the process of applying to TIGR and ATCR with possibly pursuing a master's degree in clinical research.

RESEARCH SUPPORT

2002 Doris Duke Clinical Research Fellowship, \$20,000
